SHAY ACOCA

PROFESSIONAL PROFILE

Full Stack Developer focused on building clear and functional web applications. I work with React, Node.js, Express, Django, MongoDB and PostgreSQL, with experience in REST APIs, authentication, responsive interfaces and deployment.

SELECTED PROJECTS

FitWell — Health & Fitness Platform

Django · DRF · PostgreSQL · JWT · Swagger · Docker

Complete backend platform for health and fitness content management with structured REST API.

- Built robust REST API endpoints for articles, comments and users.
- Implemented JWT authentication, Swagger documentation and Docker configuration.

OpticGlass — Premium E-commerce Application

React · Vite · Tailwind CSS · Node.js · Express · MongoDB

Premium e-commerce app focused on product presentation and user experience.

- Built responsive product pages and reusable UI components.
- Connected the frontend to an Express API and MongoDB database.

Restaurant App — Discovery Platform

React · Vite · Tailwind CSS · Zustand · i18next

Restaurant discovery app with multilingual support and responsive design.

- Built restaurant and dish discovery with dark mode and SEO basics.
- Added state management, translations and testing setup.

EXPERIENCE

Full Stack Developer — Personal Projects & Portfolio

2024 – Present

- Built and deployed web apps with React, Next.js, Node.js, Express, MongoDB, Django and PostgreSQL.
- Developed responsive interfaces, REST APIs, JWT authentication and protected routes.

Digital Marketing & Web Creator — Personal Projects

2024 – Present

- Created landing pages, branding concepts and web design for online presence.
- Applied SEO, UX writing and marketing principles to digital projects.

IDF Service — Guivati Unit

2019 – 2022

- Completed full military service in a structured and demanding environment.
- Developed discipline, teamwork, reliability and ability to work under pressure.
