PROFESSIONAL PROFILE

Full Stack Developer with hands-on experience building modern web applications using React, Next.js, Node.js, Express, MongoDB, and Django. Skilled in developing responsive interfaces, RESTful APIs, and authentication systems. Committed to delivering high-quality, maintainable code with focus on user experience and performance optimization.

SELECTED PROJECTS

FitWell — Health & Fitness Platform

Django · Django REST Framework · PostgreSQL · JWT · Swagger · Docker

Backend-focused health and fitness platform with REST API logic, content management and deployment-ready structure.

- Developed API endpoints for articles, comments, and user management with JWT authentication.
- Implemented comprehensive documentation with Swagger and Docker containerization for production deployment.

OpticGlass — Premium E-commerce Application

React · Vite · Tailwind CSS · Node.js · Express · MongoDB

Modern premium eyewear e-commerce application focused on product presentation and user experience.

- Built responsive product catalog, detail pages, and reusable frontend components with Tailwind CSS.
- Developed scalable frontend/backend architecture with MongoDB integration and Express API.

Restaurant App — Discovery Platform

React 18 · Vite · Tailwind CSS · Zustand · i18next · Framer Motion

Modern React portfolio for discovering Israeli restaurants with responsive design, multi-lingual support (FR/EN/HE), and comprehensive testing.

- Developed responsive restaurant and dish discovery platform with dark mode, authentication, and SEO optimization.
- Implemented React 18 with Zustand state management, i18next for multilingual support, and comprehensive testing with Vitest and Playwright.

EXPERIENCE

Full Stack Developer — Personal Projects & Portfolio

2024 – Present

- Built and deployed modern web applications using React, Next.js, Node.js, Express, MongoDB, and Django.
- Developed responsive frontend interfaces, RESTful backend APIs, and authentication systems with JWT.
- Utilized Git, GitHub, Vercel, Render, and MongoDB Atlas for version control and deployment.

Digital Marketing & Web Creator — Personal Projects

2024 – Present

- Created digital concepts combining web design, branding, and landing pages for online presence.
- Applied marketing principles to enhance project presentation and user engagement strategies.

IDF Service — Guivati Unit

2019 – 2022

- Completed full military service in a structured and demanding environment requiring discipline.
- Developed teamwork skills, reliability, and ability to work under pressure in challenging conditions.
